

Dear Dr Norton

Thank you for your patience while I've looked into your query.

M&S only source from farms and growers that members of our buying and procurement teams have visited in person, so we are sure of the exact origins of the produce/goods.

Our suppliers are regularly audited and visited, so we are confident that all the suppliers we work with are inside the UN-recognised borders of Israel, and not in any disputed territories.

I hope you find that reassuring, and once again thank you for contacting us about this.

Kind regards,

Alex Hawkins
